

DoP Reference No:

Product Identification Code:

Type:

DoP 011 Puddle Flange

Fernco Puddle Flanges are identified with product type and size as described below:

| TYPE           | Product Ref. No. | Size Range (mm) |
|----------------|------------------|-----------------|
| Puddle Flanges | PFT025 – PFT630  | 15 – 640        |

Intended use:

Fernco Puddle Flanges ensure a watertight and pressure-tight seal where pipes pass through concrete walls of any structure or building.

FERNCO GmbH – Hessenring 31 – 37269 Eschwege – Germany

System 4

Manufacturer / Supplier:  
System of assessment & verification of constancy of performance:

MFPA Leipzig GmbH – Hans-Weigel-Straße 2B – 04319 Leipzig – Germany

Notified Body:  
Declared performance:

| Essential Characteristics   | Performance                                    | Technical Specifications   |
|---|--|----------------------------|
| Reaction to fire  | Class F<br>Not tested due to end use situation |                            |
| Dimensional tolerance<br>- Moulded rubber<br>- Extruded rubber  | Pass   |                            |
| Tightness 8 bar   | Pass   | Report No. PB 5.1/23-102-1 |
| Release of dangerous substances   | NPD  |                            |
| Durability of tightness against:<br>- Chemical resistance to effluent<br>- Thermal cycling stability<br>- Long term stability | Pass   |                            |

The performance of the product identified is in conformity with the declared performance.  
This declaration of performance is issued under the sole responsibility of the supplier.
