

HDPE SEWER NON RETURN VALVE FLAT WALL

Description

The valves from Deschacht Plastics are highly versatile and are used in surface water, sewerage and process water applications. Various connection options are available, such as PVC/HDPE pipes, flanged connections, wall mounting, angled installation, and connections to concrete or Spirosol pipes.

Advantages

- Valve flap and back plate made of HDPE
- Shaft and ballast weight in stainless steel AISI 316
- EPDM lip seal integrated in the back plate
- Fixing material: chemical anchors

Characteristics

Characteristic	Value	Characteristic	Value
