

## EPDM wall collar with 2 stainless steel straps

### Characteristics

| Characteristic                        | Value | Characteristic              | Value    |
|---------------------------------------|-------|-----------------------------|----------|
| Raw material                          | EPDM  | Shore hardness              | 45 ± 5 ° |
| Tensile strength (N/mm <sup>2</sup> ) | 9.5   | Temperature, operation (°C) | 80 °C    |
| Elongation at break (%)               | 500   | Temperature resistance      | -40 °C   |

## EPDM wall collar with 2 stainless steel straps

### Variants

| Article code          | Commercial Code | Pipe diameter (mm) | Clamping range max. (mm) | Clamping range min. (mm) |
