

STORA-SELF100 H60 CHANNEL+SLOT 1M

Description

Thanks to its strength and low weight, the STORA SELF drainage channel is the ideal solution for water drainage in and around the home, such as at garage entrances, terraces and driveways. The channels are equipped with a male/female connection.

Advantages

- The pressed design of the slot grating ensures impeccable quality.
- Thanks to the FIX locking system, it is easy to install and can be easily removed for cleaning.
