

ALFAFLEX ATH WATER HOSE

Description

Superior water hose consisting of 5 layers

- Smooth inner wall made of pure PVC
- Intermediate layer made from 100% recycled PVC
- Special ATH (Anti-Torsion Hose) reinforcement to eliminate twisting under pressure
- Polyester fibre reinforcement up to Ø 25 mm (woven reinforcement from Ø 30 mm)
- Outer wall made of flexible, UV-resistant PVC
- Pressure tested up to 25 bar
- Free from cadmium and barium
- Warranty: 12 years

Application

Water hose suitable for various water supply and irrigation applications, for both domestic and industrial use.
