

CAST IRON DOUBLE-TOOTH GRID A15

Description

Cast iron double tongue-and-groove cover and grating with square frame and circular opening. The frame seating and the cover bearing edge are provided with a double tongue-and-groove profile, greased to ensure hydraulic watertightness.

- Perfect fit on PVC and PP inspection chambers (not on the collar).
- Provided with a bituminous coating to prevent corrosion.
- A prefabricated concrete seating ring can also be used to provide the necessary support for the cover.
- Suitable for pedestrian traffic only.
- Frame supplied as standard with DRWA marking.

Characteristics

Characteristic	Value	Characteristic	Value
Raw material	Cast iron	Load class	A15
Shape	Round	Certificate	Uncertified
Lid properties	Hydraulic seal
