

Description

This C250 connection cover is designed for underground sewerage systems for the discharge of rainwater and wastewater.

Advantages

- When opening the cover, automatic evacuation of debris beneath the hinge point via a dedicated opening
- Frame with hydraulic odour barrier
- Cover opening angle > 110° to allow easy access and optimise user safety
- Once installed, the cover can no longer be dismantled (anti-theft)
- Anti-slip pattern for optimised noise reduction

Application

Intended for pedestrian areas, car parks and similar zones with occasional vehicle traffic.

Characteristics

Characteristic	Value	Characteristic	Value
Article code	<u>49851</u>	Inscription	DWA
Commercial Code	DWA315F	Load class	C250
Raw material	Cast iron	Width (mm)	360
Shape	Square	Length (mm)	360
Lid properties	Hydraulic seal, Hinged cover	Clear opening diameter Ø (mm)	315
Certificate	Copro	Height (mm)	155
Certificate norm	EN 124-2	Weight (kg)	16
